SIZE

171 sqm

LOCATION

Dunstable

SECTOR

Office

CONTRACT VALUE

£100,000

Within the brief, the client was clear about what they wanted from their space; to expand the client-facing meeting area, presentation and product display areas with a subtle interweaving of the brand guidelines to ensure staff feel connected with the company and its values whilst using the space.

We provided visuals of the office layout so the client was able to ensure the design and fit-out were consistent with the brand's bright color scheme. We specified every element of the fit-out from the tea point and flooring to the aesthetic finishes. To respect the branding, we focused on a mixture of bright and colorful wall graphics.

The focal point of the department was a customised 10-seat meeting table, accessible for disabled users and surrounded by customised display units. The decorative bulk head complimented the meeting table by creating a strong visual impression when entering the space. For this reason, the rest of the offices, storage areas, tea points and printing areas followed the same design scheme.
