£98,000 (multiple projects)

Our task was to fit-out the building and provide a smart furniture layout working to brand guidelines. We succeeded in delivering the project within a tight time frame.

We helped The Professional Fundraiser to select the most appropriate furniture for their needs and budget. Bespoke joinery solutions were designed and presented to help them create a meeting space. The acoustic wall panels were used to create a colorful abstract mosaic and not only reduced the noise levels but brought some colours to the space.
